# General Instructions and Information

---

## Corporation Identification Numbers

---

The Utah State Tax Commission will use the Employer identification number (EIN) as the corporation's taxpayer identification number with the state. The Utah charter number is a six-digit number issued upon incorporation or qualification to do business in Utah and should also be included. If these numbers (EIN and Utah charter) are not preprinted on the mailing label, fill in the appropriate areas to allow for proper identification of the corporate tax return or any correspondence.

## Rounding Off to Whole-Dollar Amounts

---

All entries must be made in whole-dollar amounts.

## Liability for Filing and Paying Returns

---

- A. Tax Forms** - The Utah State Tax Commission supplies returns for filing of corporate taxes to corporations properly registered with the state. If an original return is not mailed to the corporation, contact our offices at (801) 297-6700 to request forms. NOTE: Please review General Instructions to identify what federal information is required with the Utah filing.
- B. Unrelated Business Income Tax** - An exempt corporation incorporated in Utah (domestic), qualified in Utah (foreign), or doing business in Utah whether qualified or not must file an unrelated business income tax return, form TC-20UBI, when it has unrelated business income.
- C. Taxable Year** - The taxable year for Utah unrelated business income tax purposes should match the taxable year used for federal unrelated business income tax purposes. When the taxable year changes for federal purposes the taxable year should be adjusted accordingly for Utah unrelated business income tax purposes.
- D. Due Date** - Returns are due on or before May 15th (for calendar year filers) or the 15th day of the fifth month following the close of the taxable year (for fiscal year filers)..

## Filing Extension

---

***An extension of time to file your tax return is NOT an extension of time to pay your taxes.*** You are automatically allowed an extension of up to six months to file your return. ***However, if the prepayment requirements have not been met on or before the original due date, penalties will be assessed.***

## Prepayment Requirements

---

If a corporation having unrelated business income has a Utah tax liability of \$3,000 or more in the current year, or had a tax liability of \$3,000 or more in the previous year, that corporation must make quarterly estimated tax prepayments.

An exempt corporation is not subject to the prepayment requirements for the first year that corporation is required to file a return in Utah.

Prepayments are due in four equal payments on the 15th day of the 4th, 6th, 9th and 12th months of the corporation's taxable year. Corporations may elect to make the quarterly prepayments equal to 90 percent of the current year's tax or 100 percent of the prior year's tax. As defined in Section 6655, Internal Revenue Code, the applicable percentage of the required annual payment for annualized income installments, for adjusted seasonal installments, and for estimated tax payments based on the current year tax liability is the following:

<u>Installment</u>	<u>Percentage</u>
1st	22.5
2nd	45.0
3rd	67.5
4th	90.0

If a taxpayer elects a different annualization period than the period used for federal purposes, the taxpayer must make an election with the Tax Commission at the same time as provided in Section 6655, Internal Revenue Code. Prepayments should be made with form TC-559, Corporation Tax Payment Coupon Booklet.

Corporations not making the required tax prepayments are subject to a penalty as stated in "Penalties," below.

## Exceptions to Penalty

- Annualized Exception:** A corporation may annualize its income before determining the amount of each installment. It is recommended that federal guidelines be followed in determining annualized income. If the corporation meets the annualized exception, for any installment, indicate by checking the appropriate box on form TC-20UBI, line 12.
- Recurring Seasonal Exception:** A corporation with recurring seasonal income may annualize its income before determining the amount of each installment. It is recommended that federal guidelines be followed in determining seasonal income. If the corporation meets the seasonal exception, for any installment, indicate by checking the appropriate box(es) on form TC-20UBI, line 12.

The Tax Commission will calculate the penalty for underpayment of required prepayments. Taxpayers who would like to calculate their own penalty may contact the Tax Commission at (801) 297-7790 for assistance.

## Penalties

---

The penalty for **failure to file a tax due return** by the due date is the greater of \$20 or 10 percent of the unpaid tax. In addition, if a tax balance remains unpaid 90 days after the due date, a second penalty, the greater of \$20 or 10 percent of the tax balance, will be added for failure to timely pay.

The penalty for **failure to pay tax due** as reported on a timely filed return, or within 30 days of a notice of deficiency, is the greater of \$20 or 10 percent of the tax due.

The penalty for underpayment of an extension prepayment is 2 percent per month of the unpaid tax during the extension period.

The penalty for failure to file an information return or a complete supporting schedule is \$50 for each return or schedule up to a maximum of \$1,000.

The penalty for each underpayment of required estimated tax or required quarterly installments shall be determined by applying the state interest rate(s) in effect for the period of the underpayment, plus four percentage points, to the amount of the underpayment for the period of the underpayment.

For a list of additional penalties that may be imposed, please refer to Utah Code Section 59-1-401.

## Interest

---

The interest rate applicable for all taxes and fees administered by the Tax Commission shall be two percentage points above the federal short-term rate in effect for the preceding fourth calendar quarter. This rate is published by the Internal Revenue Service in September of each year.

The interest rate for all taxes and fees administered by the Tax Commission for the 1999 calendar year is 7 percent.

## Supporting Federal Information

---

Form 990-T, as filed with the IRS, should be included with the filing of the Utah return (Form TC-20UBI). Other detail schedules should NOT be included with the initial Utah filing. These detail schedules may be requested at a later date by the Auditing Division of the Tax Commission.

## Corporation Changes

---

Corporation changes (e.g., name change, merger, or ceasing to do business in Utah) must be reported to the Division of Corporations, Department of Commerce, 160 E 300 S, SLC, UT 84145. The changes

must be approved by the Division of Corporations after which the information will be transferred to Tax Commission records.

## Instructions for Schedule J – Apportionment Schedule

---

Only the property, payroll, and sales included in the computation of unrelated business income or directly related to the unrelated business income of an exempt organization shall be included when apportioning income.

Determine apportionment fraction by completing this schedule. The factors express a percent for tangible property in Utah, for wages and salaries in Utah, and for sales in Utah. These factors are to be added together and divided by the number of factors present (typically 3) to arrive at the Utah apportionment fraction calculated to **six decimals**. This fraction is to be applied to the apportionable income (or loss) to arrive at the amount of income (or loss) apportioned to Utah. In cases where one or more of the factors is omitted due to peculiar aspects of the business operations, the corporation should divide by the number of factors present.

Income or loss from partnership or joint venture interests shall be included in income and apportioned to Utah through application of the three-factor formula consisting of property, payroll, and sales. For apportionment purposes, the portion of partnership or joint venture property, payroll, and sales to be included in the corporation's property, payroll, and sales factors shall be computed on the basis of the corporation's ownership interest in the partnership or joint venture.

Briefly describe the nature and location(s) of your Utah business activities in the space provided at the top of this schedule.

**Lines 1(a)-(e) – Tangible Property**

Show the average cost value during the taxable year of real and tangible personal property used in the business within the state (including leased property) in column A; and overall (including Utah) in column B.

Property owned by the corporation is valued at its original cost. Property rented by the corporation is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the corporation less the annual rate received by the corporation from subrentals.

The average value of property shall be determined by averaging the cost values at the beginning and ending of the tax period. However, monthly values may be used or required if monthly averaging more clearly reflects the average value of the corporation's property.

A supporting schedule should be attached whenever monthly averaging is used.

**Line 2 – Total Tangible Property**

Enter totals of lines 1(a)-(e) in the respective columns.

**Line 2(a) – Property Fraction**

Determine property fraction: column A, line 2 divided by column B, line 2.

**Line 3 – Wages, Salaries, Commissions, and Other Includable Compensation**

Wages, salaries, commissions, and other includable compensation paid to employees for personal services must be included in the Utah factor to the extent that the services, for which the compensation was paid, were rendered in Utah.

Compensation is paid in the state if (1) the employee's service is performed entirely within the state; (2) the employee's service is performed both within and without the state, but the service performed without the state is incidental to the employee's service within the state; or (3) some of the service is performed in the state and (a) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is within this state, or (b) the base of operations or the place from which the service is directed or controlled is not in any state where some part of the service is performed, but the individual's residence is in this state.

The amount reportable for Employment Security purposes may ordinarily be used to determine the wage factor.

**Line 3(a) – Wages Fraction**

Determine wage fraction: column A, line 3 divided by column B, line 3. Overall wages, including Utah, are listed in column B.

**Lines 4(a)-(e) – Gross Receipts from Business**

The sales factor is the percentage the sales or charges for services within the state for the taxable year bear to the overall sales for the taxable year. Gross receipts from the performance of services are in this state to the extent the services are performed in this state.

Sales of tangible personal property are in this state if the property is delivered or shipped to a purchaser within this state regardless of the F.O.B. point or other conditions of the sale, or if the property is shipped from an office, store, warehouse, factory, or other place of storage in this state and: (1) the purchaser is the United States government, or (2) the corporation is not taxable in the state of the purchaser.

**Nexus:** The jurisdictional link that must be present before a state may tax a corporation upon its activities within a state's borders.

**Note:** Exception to the above method for securities brokerage businesses can be found in the Utah Code Section Ann. 59-7-319(3).

**Line 5 – Total Sales and Service**

Enter totals of lines 4(a)-(e) in their respective columns.

**Line 5(a) – Sales Fraction**

Determine sales fraction: column A, line 5 divided by column B, line 5. Overall sales, including Utah, are listed in column B.

**Line 6 – Total Fraction**

Enter total of lines 2(a), 3(a), and 5(a).

**Line 7 – Apportionment Fraction**

Calculate the apportionment fraction to **six decimals**: Line 6 divided by the number of factors used (typically 3 - property, wages and sales). If one or more of the factors are not present (i.e., there is a zero represented on lines 2, 3, or 5 in column B), divide by the number of factors present.

Enter apportionment fraction on Schedule J, line 7 and on form TC-20UBI, line 2.
